LIMITED OFFER OF FINE HYBRID SEEDLINGS IN 2½ in. POTS

We still have a few of the following crosses available, but the number is limited and we do not expect the supply to last much longer. These plants are all in 2½ in. pots and average 5 to 10 inches high. These crosses were made by a well known grower. The finest parents available have been used in these crosses, and these seedlings are very vigorous and healthy and the blooms should be outstanding. All crosses are priced at \$2.75 per plant, except those preceded by the asterisks (\*\*) which are \$3.00 per plant.

\*\*No. 35 C. ALESIA ALBA This hybrid is a strong growing white with colored lip. The flowering season is Spring.

\*\*No. 36 C. ALICE PEARCE (C. Mossiae "Reineckiana" X C. Princess Royal alba) A Spring flowering white with a highly colored lip. Flowers have a very fine form.

\*\*No. 37 C. CATHERINE PATTERSON (C. Enid alba X C. Mrs. Fred Knollys alba) Winter blooming whites with colored lips. This hybrid usually has very large flowers.

\*\*No. 38 C. MILLE. LOUISE PAWELS (C. Edithae X C. Intertexta "Juliette") An Early Spring blooming, strong growing, Pure White.

\*\*No. 39 C. YVONNE ADAIR (C. Clementine Goldfarb X C. Pegeen Fitzgerald) A rapidly growing Mid Winter blooming Pure White Hybrid. The flowers are large, have a heavy texture and usually each lead produces 2 to 4 blooms. This hybrid was recently pictured in the American Orchid Society Bulletin.

No. 42 LC. IDA MYERS (Lc. Windermere, A.M. X C. Enid) Late Winter and Spring blooming, large, dark, well formed flowers.

No. 43 LC. INTEGRITY X C. TRIANAE "ORANGE LIP" The flowers should be large, dark and heavy textured. Blooms during the Winter Holiday Season.

No. 45 C. MYRON McCORMICK (C. Dinah x Lc. Excelsior X C. Mossiae) A Spring blooming hybrid with large, dark blooms, with very dark lips.

No. 48 LC. BOU PHILIPPO (Lc. Windermere, A.M. X C. Mossiae) Blooms for the Easter Season. It has the free flowering qualities of C. Mossiae, but the flowers are much larger, darker and better shaped than the average species

\*\*No. 49 C. ENID ALBA (C. Mossiae "Reineckiana" Young's Variety X C. Gigas "F.M.B.") This hybrid blooms twice a year and has flowers 7 to 9 in. across. The flowers are very showy, have grand form and texture and are whites with colored lips. Plants produce one to four blooms per lead.

Dear Mr. [Name]

I have received your letter of the 10th inst.

and am sorry to hear that

you are not well.

I hope you will soon be able to

return to your home.

Very truly yours,

I am sorry to hear that you are not well. I hope you will soon be able to return to your home. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

I am sure you will be able to do so. I am sure you will be able to do so.

No. 50 BLC. SHERMAN BILLINGSLEY (Blc. Eva Patterson X C. Belgica, A.M.) A Winter flowering, large, well shaped, medium rose-lavender hybrid.

No. 51 C. MARGARET MORAN (C. Royana X C. Carmen) This hybrid is Spring Flowering, vigorous and very colorful.

No. 52 C. BING CROSBY (C. R. Cadwalader X C. Royana) A Spring blooming, very fine, large, dark hybrid.

No. 53 C. MOSSIAE X LC. PRINCESS MARGARET A fine, vigorous, large, dark hybrid for the Spring season.

No. 54 LC. AUTHUR MILES A vigorous, large, dark hybrid for the Easter Season.

-----  
Collections - plants of your selection in the 2 $\frac{1}{2}$  in. size  
5 colored & 5 white or WPL - \$27.00 value \$28.75  
10 colored hybrids - \$26.00 value \$27.50  
10 white or WPL hybrids - \$27.50 value \$30.00  
-----

HYBRID SEEDLINGS IN 2 in. POTS

No. 201 C. TALISMAN (C. Fabianid X C. Tityus) A Fall blooming hybrid with a reddish oast and large frilled lip.

No. 202 C. INTERTEXTA X C. TITRIANAE A Variable bloomer with very dark flowers.

No. 205 BC. HEATONENSIS (B. Digbyana X C. Hardyana) Both parents of this cross are very productive and vigorous and extra fine. Flowers will probably be pale green to cream colored.

-----  
The above hybrids in the 2 in. pots average  $\frac{1}{4}$  to 6 inches high and are priced at \$2.00 per plant. There are only a few of these available.

- b\*C. Percivaliana. 2 to 4 fls.  $4\frac{1}{2}$  to 5 in. across; S&P deep rose; L richly colored with purple, crimson and maroon, bordered with lilac. December. I. Established plants in sheath to flower this winter, 6 to 7 in. pots \$5.00 each,  $4\frac{1}{2}$  to 5 in. pots \$3.50 each.
- b\*C. Skinnerii. 3 to 8 rose-purple fls. 3 to 4 in. across, L darker. Sp. to Su. I. Established plants in  $4\frac{1}{2}$  to 5 in. pots \$3.50 each; second class plants in 4 in. pots, not flowering size \$1.00 each.
- b\*C. Trianae. 2 to 3 fls. 6 to 8 in. across; S&P rose-lilac; L purplish-crimson, throat orange. Wi. I. Established plants in sheath to flower this winter, 6 to 7 in. pots \$5.00 each, 5 in. pots \$3.50 ea., 4 to  $4\frac{1}{2}$  in. pots \$2.50 ea.
- b\*C. Warnerii. 2 to 7 fls. 6 to 9 in. across, S&P deep rose, L crimson. Su. I. Established plants in 5 in. pots \$6.00 each.

#### DENDROBIUMS

- b,D. densiflorum. Many fls., 2 in. across, orange-yellow, L darker. Sp. I. Semi-established plants in 3 to 4 in. pots \$4.50 ea., Established plants \$5.50
- b,D. densiflorum var. Aureo-Flavum. fls. deep yellow. Semi-established plants in 3 to 4 in. pots \$4.50 each, Established plants \$5.50 each.
- b\*D. fimbriatum var. oculatum. Spikes 3 to 15 flowered, 2 to 3 in. across, orange-yellow, L beautifully fimbriated and has dark maroon spot at base. Sp. & V. I. Unestablished plants \$4.50 each.
- b\*D. formosum giganteum. Spikes 2 to 5 flowered, 4 to 5 in. across, pure white, except for orange-yellow stain on lip, long lasting, fragrant. Au. W. Semi-established plants in 3 in. pots \$4.50 ea.,  $3\frac{1}{2}$  in. \$5.00, 4 in. pots \$5.50
- b\*D. Infundibulum. 2 to 4 fls. in clusters, 4 in. across, pure white, except for yellow stain on lip. Sp. & V. I. Semi-established plants in 3 in. pots \$4.50 each,  $3\frac{1}{2}$  in. pots \$5.00 each, 4 in. pots \$5.50 each.
- b\*D. phalaenopsis. Spikes 5 to 15 flowered, about 3 in. across, color very variable, usually deep rose with magenta-purple lip. Au. & V. I. to W. Offsets in 2  $2\frac{1}{2}$  in. pots, 2 to 4 bulbs per plant, 4 to 12 in. high. Most of these plants have flowered, or will flower this fall & winter. \$2.50 each, 5 for \$12.00, 10 for \$22.50.

#### LAELIAS

- \*L. Perrinii. 2 to 5 fls. 5 in. across; S&P rose; front lobe of L deep crimson-purple. Wi. I. Established plants \$5.00 each.
- b\*L. purpurata. 3 to 9 fls. 6 to 9 in. across; S&P light rose; L has yellow throat striped with crimson, front lobe rich crimson-purple. Sp. & Su. I. Established plants in 6 to 7 in. pots \$6.50 each.

#### PHALAENOPSIS

- b\*Phal. Aphrodite. fls.  $2\frac{1}{2}$  in. to 4 in. across, sepals and broader petals pure white; L three lobed, spotted and streaked with purple and yellow. Blooms from September to end of June. W. Established plants in 6 in. baskets \$7.50.
- b. Phal. Lueddemanniana. fls. 2 in. across; S&P whitish barred with amethyst on outer half & cinnamon-brown on inner half; L three lobed, side lobes whitish, mid-lobe amethyst-purple. This species has many varieties, and the bars on S&P may be all brown or all amethyst. On some plants the S&P are completely amethyst without any white or brown. V. & Sp. W. Established plants in 4 in. pots \$6.50 each.
- b\*Phal. Schilleriana. fls.  $2\frac{1}{2}$  to  $3\frac{1}{2}$  in. across; sepals and broader petals light rose-purple; L three lobed, lighter in color, front lobe spotted with amethyst-purple. January to March. W. Established plants in 4 in. pots \$6.50 each, smaller plants in 4 in. pots \$5.00 each, large plants in 6 in. baskets & pots \$9.50 each, large plants in 8 in. baskets \$12.50 each.

1. The first part of the report deals with the general situation of the country. It is a very interesting and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's development.

2. The second part of the report deals with the economic situation of the country. It is a very interesting and informative study of the country's economic development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's economic development.

3. The third part of the report deals with the social situation of the country. It is a very interesting and informative study of the country's social development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's social development.

4. The fourth part of the report deals with the political situation of the country. It is a very interesting and informative study of the country's political development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's political development.

5. The fifth part of the report deals with the cultural situation of the country. It is a very interesting and informative study of the country's cultural development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's cultural development.

6. The sixth part of the report deals with the environmental situation of the country. It is a very interesting and informative study of the country's environmental development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's environmental development.

7. The seventh part of the report deals with the international situation of the country. It is a very interesting and informative study of the country's international development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's international development.

8. The eighth part of the report deals with the future of the country. It is a very interesting and informative study of the country's future development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's future development.

9. The ninth part of the report deals with the conclusion of the study. It is a very interesting and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's development.

10. The tenth part of the report deals with the bibliography of the study. It is a very interesting and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's development.

PHALAENOPSIS HYBRIDS

- b\*Phal. Gloriana. fls.  $2\frac{1}{2}$  to  $3\frac{1}{2}$  in. across, color of fls. white to dark pink. Wi. W. Plants in 6 in. baskets with leaves up to 10 in. long \$9.50 each.
- b\*Phal. Gloriosa. fls. 2 to 3 in. across, color of fls. white to pink. Wi. W. Plants in 6 in. baskets \$9.50 each.
- b\*Phal. Leucorrhoda. fls.  $2\frac{1}{2}$  to  $3\frac{1}{2}$  in. across, pink. Wi. W. Plants in 6 in. baskets \$7.50 each.
- b\*Phal. Pink Hawaii. fls. large, white to pink. Wi. W. Unflowered plants in 4 in. pots \$5.00 each.
- b\*Phal. Pink Pamela. fls. large, white to pink. Wi. W. Unflowered plants in 4 in. pots \$5.00 each.

MISCELLANEOUS SPECIES THAT ARE BEING DISCONTINUED

In most cases there are only one or two plants of each species. If possible please list a second choice when ordering. Most plants are established.

- 
- b.Brassavola nodosa. (fls. large, white, fragrant at night, Au. & V. I.) Established plants in 3 to  $3\frac{1}{2}$  in. pots \$2.75 each.
- Brassavola species. (fls. large, white. Au. I.) Unestablished plants 75¢ each.
- Aerides quinquevulnerum. (fls. white & amethyst. Su. W.) Unestablished \$3.50 ea.
- Brassia choropsis. (fls. green & yellow) plants in 4 & 5 in. pots \$2.75 each.
- b.Brassia Lawrenceana. (fls. yellowish-green) 3 in. pots \$2.50 ea., 4 in. pot \$3.00.
- b.Calanthe Elmerii. Deciduous. (fls. pink to white. Wi. I.) Nice well established plants in 3 in. pots \$2.25 each.
- Catasetum Oerstedii. (fls. greenish) Plant in 4 in. pot \$1.95.
- Dendrobium aureum. (fls. yellow and brown. Sp. W.) Plant in 3 in. pot \$3.50
- b.Dendrobium Biggibum. (fls. similar to D. phalaenopsis) Plants in 3 in. pots \$5.00.
- Dendrobium chrysotoxum. (fls. 2 in. across, golden-yellow. Sp. I.) Plant in 3 in. pot \$3.50.
- Dendrobium Dearei. (fls.  $2\frac{1}{2}$  in. across, pure white. Su. & Au. W.) Unestablished plants \$3.50 each.
- Dendrobium Devonianum. (Spikes 3 flowered, 2 in. across, creamy white tinged with pink; L white margined with purple, orange at base, beautifully fringed. Sp. W.) Plants in 3 in. pots \$3.25 each.
- Dendrobium Draconis. (fls.  $1\frac{1}{2}$  in. across, white, L stained with red. Sp. & Su. I.) Plants in 3 in. pots \$3.50 each.
- Dendrobium Falconerii. (fls. 2 to 3 in. across, white & purple. Sp. & Su. I.) Plants in 3 in. pots \$3.25 each.
- Dendrobium Farmerii. (Many flowered, 2 in. across, yellow, lip with golden disc. Sp. W.) Plant in 4 in. pot \$6.50.
- Dendrobium Johannis. (fls.  $1\frac{1}{2}$  in. across, brownish green and red. Au. W.) Plant in 4 in. pot \$4.00.
- Dendrobium longicornu. (2 to 4 fls. in clusters, white & yellow. Sp. I.) Plants in 3 in. pots \$3.25 each.
- Dendrobium Speciosum. (Spikes many flowered, 1 to 2 in. across, creamy yellow; L spotted with purple. V. I.) Plant in 3 in. pot \$2.50, 5 in. pot \$4.50, 6 in. pot \$6.50, 7 in. pot \$7.50.
- Dendrobium Undulatum. (Spikes 10 to 20 flowered, 2 in. across, yellowish brown. Sp. & Su. W.) Plant in 3 in. pot \$3.50, large plants in 5 to 6 in. pots \$7.50.
- Epidendrum Mariae Ames. (fls. white and green) Established plants \$2.00 each.
- Epidendrum Stamfordianum. (fls. yellow & red) Plant in 4 in. pot \$1.00.
- Epidendrum Tampanese. Unestablished plants 75¢ each.
- b.Laelia albida. (fls. 2 in. across, rose or white) Unestablished plants 75¢ each.
- b.Laelia anceps. (fls. 3 to 4 in. across, deep rose) " plants \$1.75 each.
- b.Laelia autumnalis. (fls. 4 in. across, rose) Unestablished plants 75¢ each.

- Laelia furfuracea*. Very Rare. (Well formed rose-purple fls., 5 in. across. Au. C.) Unestablished plants \$2.50 each.
- b. *Laelia rubescens*. (fls. rose or white. Wi. to Sp. C.) Plant in 6 in. pot \$3.00, 4½ to 5 in. pots \$2.75 each, 3 in. \$1.00, small unestablished plants 75¢ each.
- b. *Leptotes bicolor*. Dwarf Species. (2 to 4 fls. 1 to 2 in. across, S&P white, L purple. Wi. & V. I.) Plants in 2 to 2½ in. pots \$3.50 each.
- b\* *Oncidium ampliatus* var. *majus*. (Many fls. 1½ to 2 in. across, yellow & brown. Wi. to Sp. I. or W.) Established plants in 5 in. pots \$5.50 to \$6.50 each, 4 in. pots \$4.50 each.
- b. *Oncidium Cebolleta*. (Many fls., 1 in. across, yellow & brown, L bright yellow. Sp. I.) Plants in 3 in. pots \$4.00 each.
- b. *Oncidium flexuosum*. (Many fls. 1 in. across, yellow & brown. Su. I.) Estab. \$3.75.
- Oncidium incurvum*. (Many fls. rose-pink. Au. C.) 6 in. pot \$5.00, 4½ in. \$2.75, 4 in. \$2.50
- b. *Oncidium lurides*. (Many fls., yellowish-green & brown. Su. I.) 4 in. pots \$2.50
- b. *Oncidium maculatum*. (fls. green, brown & white. Wi. I.) Plant in 5 in. pot \$3.00.
- b. *Oncidium ornithorhynchum*. (Many fls. rose-lilac. Wi. C.) 6 in. pot \$5.50, 3" \$2.00
- Oncidium sarcodes*. (fls. yellow & brown. Sp. to Su. I.) Established plants \$4.50.
- b\* *Oncidium sphacelatum*. (Many fls., brown & yellow. Sp. I.) Established plants in 6 in. pots \$4.50 each, 5 in. pots \$3.50 each, 4 in. pots \$2.50 each.
- b. *Oncidium tigrinum*. (large fls., yellow & brown. Wi. C.) Plant in 5 in. pot \$3.50.
- Odontoglossum Biotoniense*. (fls. greenish & brown. Au. C.) Small plants 75¢ each.
- Odontoglossum pulchellum*. (fls. white. Sp. C.) Plants in 3 in. pots \$2.50 each.
- Pescatorea cernia*. (fls. yellow) Plants in 5 in. pots \$3.00 each.
- Vanda lamellata* var. *Boxallii*. (fls. creamy-white & rose-purple. Wi. W.) Plant in 6 in. pot \$4.00, 4 in. \$3.50, unestablished plants \$3.50 each.
- Vanda pariflora*. (S&P yellow, L whitish. Su. I.) Plants in 4 in. pots \$4.00 each.
- Vanda Roxburghii*. (fls. green, brown & violet-purple. Su. I.) Plant in 6 in. pot \$6.50.
- b. *Vanilla planifolia*. Cuttings up to 5 ft. long 50¢ per ft.
- Vanilla Pompona*. Cuttings up to 3 ft. long \$1.00 per ft.
- Zygopetalum discolor*. (fls. white & purple. Sp. I.) Plants in 3 in. pots \$2.50 ea.

#### ANTHURIUM ANDRAEANUM HYBRID SEEDLINGS

These plants are of a size that should flower within one year. They are mixed colors and are from a well known hybridizer. Colors will vary from red to white.

plants in 2½ in. pots, 4 to 6 in. high.....	\$1.00 each
plants in 3 in. pots, 5 to 8 in. high or higher.....	1.35 each
Birds Nest Anthurium, nice large plant, Very Decorative.....	5.00

#### CLIVIA HYBRIDS

Flowers vary from orange to deep red-orange. The plants have wide dark green leaves and are decorative when not in bloom. The plants should be dried off in the winter in order to produce flower spikes. Medium large plants in 5 to 6 in. pots \$3.00 each, large plants in 7 in. pots \$3.50 each.

#### ORCHID GROWERS SUPPLIES

##### OSMUNDA FIBER

Large bales approximately 18" x 21" x 36", and weighing approximately 55 to 60 lbs. when packed. Due to atmospheric conditions the weight will vary, however the amount will be the same.

1 bale \$11.00, 5 bales \$10.75 each, 10 bales \$9.75 each, 15 to 99 bales \$9.50 each, 100 bales or more \$8.50 each. These prices are f.o.b. Florida shipping point. We can make shipment from Kirkwood, Mo. at \$13.00 per bale or 65¢ per lb. bulk f.o.b. Kirkwood.

TAYLOR HYGROMETERS: Wet and Dry Bulb Type \$7.50 each, post paid.

CELLULOID LABELS: Prices post paid

WHITE

Stick-in type (4" x 5/8") 100 - \$2.00; 250 - \$4.50; 500 - \$8.00; 1,000 - \$15.00  
Wired type (3 1/2" x 5/8") 100 - \$2.50; 250 - \$5.00; 500 - \$9.00; 1,000 - \$17.50

COLORED - Red, Blue or Yellow

Stick-in type (4" x 5/8") 50 - \$1.25, 100 - \$2.00

TRACE L PLANT FOOD - for feeding orchids & other plants. Directions with order.

1/2 lb. jar 65¢ post paid 15 lb. drum \$ 9.00 shipping charge prepaid  
1 lb. jar \$1.00 " " 35 lb. drum \$21.00 " " "  
5 lb. bulk \$3.00, f.o.b. Kikwood, Missouri

ORCHID SPRAY

Controls scale, beetles, thrip and other orchid pests. A compound of DDT Rotenone and several other ingredients, to be mixed one part of concentrated insecticide to 400 parts water. 1 pint \$4.00.

LUR-A-SLUG for Complete Eradication of Slugs & Snails

1/2 lb. can \$2.00 post paid, 1 lb. can \$3.00 post paid.

POT WATERER

Pot Watering Valve with 1/4 in. tip. Shuts off between pots thus saving water. \$3.50 each, post paid.

HAND SPRAYS

Hand Spray and Valve to fit standard hose. Used to spray seedlings, or may be used to spray water in the air to increase the humidity. Makes a fine mist spray that will not disturb the potting material around the seedlings. \$3.50 ea. P.P.

ORCHID TUBES, 5 inch, with caps. 1 doz. 50¢, 100 \$3.75, 500 - \$17.50, 1,000 - \$32.50

Write for prices on larger quantities.

GREENHOUSE THERMOMETERS: \$1.25 each, post paid.

MAXIMUM-MINIMUM THERMOMETERS: \$10.00 each, post paid.

DIAL-TYPE MAXIMUM-MINIMUM THERMOMETERS: \$7.50 each, post paid.

INDOOR-OUTDOOR THERMOMETERS: \$7.50 each, post paid.

With this new type thermometer you can tell at a glance both the outdoor and indoor greenhouse temperature. This thermometer has a handsome ivory case and may also be used in the home.

STANDARD TEMPERATURE ALARMS

The Standard Temperature Alarm is primarily designed for use in greenhouses. In places where heat is provided through automatically operated oil burners or stokers, and there is an ever present danger of loss of heat through mechanical or electrical power failure, installation of the Standard Temperature Alarm assures an automatic warning in case of failure. Where hand fired heaters are installed, a Standard Alarm provides an automatic check-up on human forgetfulness or oversight. These Alarms will guard against low or high temperatures twenty-four hours a day.

One cold snap or breakdown might cost you hundreds or thousands of dollars which could have been prevented, had you had sufficient warning. Price \$17.00 each, plus postage. Shipping weight 3 lbs. Prices do not include Wire, Batteries or Bell. Circular sent on request.

RECORDING THERMOMETERS

For use whenever knowledge is desired if temperature goes above or below any given point. Furnished with Daily Chart No. 3 or Weekly Chart No. 2. Range of Temperature - 20° to 120° F. Price \$60.00 F.O.B. shipping point.

For use in recording instruments, the following instructions should be followed: The instrument should be calibrated before use, and the recording should be made at a constant rate. The recording should be made at a constant rate, and the instrument should be calibrated before use.

#### TERMS & CONDITIONS:

1. Cash with order, or 50% down payment and balance C.O.D. We will not ship plants C.O.D. unless 50% payment accompanies the order. Payment should be made by check, cashiers check, postal money order, postal note, express money order or by currency when sent by registered mail.
2. We will be unable to accept an order for less than \$5.00 worth of plants. This does not apply to items other than plants.
3. All prices are subject to change without notice.
4. All prices on plants in this list are F.O.B. Kirkwood, Missouri.
5. All of the plants listed are in stock at the time of printing this list. All plants are subject to prior sale. When ordering please if possible list a second choice, as the stock of many species and hybrids is very limited, and when many of the species have been sold additional plants won't be imported.
6. All plants will be shipped via railway express collect or parcel post, unless we are otherwise instructed. We have found parcel post more reasonable than express and shipments usually arrive in good condition.
7. All plants are carefully packed and should arrive in good condition. However, we are not responsible for the safe arrival of the plants. All plants that are shipped by railway or air express are fully insured and once accepted by the carriers, they are responsible for their safe delivery. Plants should be examined carefully upon their arrival, and if there is the slightest indication of damage a claim should be filed immediately with the express company. The express company must see the plants immediately to have a claim considered. Parcel post shipments cannot be insured against loss or damage.
8. Shipments will be made until the end of November.
9. All established large plants will be shipped out of pots. This cuts down weight and greatly reduces the shipping cost. Customers wishing large plants left in pots should add 50% extra per plant to cover additional costs of packing.

#### OUR GUARANTEE:

1. All species plants unless otherwise stated are guaranteed to be of blooming size, in good condition and true to name as labelled by growers or exporters.
2. Our liability, in all instances, is limited to the purchase price of the plants. We give no warranty, express or implied, as to the productiveness of any plants we sell and will not in any way be responsible for the crop.
